

# THE WALLS

## 2017 RIVER ROCK GRENACHE

### The Story Behind the Name

The wine formerly known as “Concrete Mama Grenache,” has been renamed “Sunnyside Grenache” to give this amazing wine all the attention and individualism it deserves. The Grenache grapes were sourced from the River Rock Vineyard in the Rocks District of Milton Freewater, farmed with great passion by Dana Dibble, a [third generation] grower of fruit there.

The vineyard is the inspiration for the name “Sunnyside” due to its location. We count ourselves at The Walls very lucky to be able to source our grapes from this unique AVA and are driven to do these grapes justice by trying our hardest to produce the best wine we can!

---

#### BLEND:

85% Grenache, 15% Syrah
