

# THE WALLS

2018 LES JEUNES VIGNES

## THE STORY BEHIND THE NAME

We're calling this wine "young vines" because, by French standards, all American vines are young. Our winemaker wanted to extend our scope of Chardonnay-making and create a Chardonnay from premium vineyards in warmer sections of Washington than the Columbia Gorge offerings, yet still maintain a Burgundian style.

## Tasting Notes

We have incredible fruit, and that makes all the difference in the finished wine. The climate these grapes grow in is warmer, with better sun exposure. The result is a chardonnay with a delicate aromatic nose of lemon zest and white flowers, coupled with a bold, distinct, and brawny mouth-feel and flavors of citrus and lemon curd.
