

THE WALLS

2018 WONDERFUL NIGHTMARE

BEHIND THE NAME

A “wonderful nightmare,” what Hemingway called Spain’s Running of the Bulls, is the ultimate contrast, and Tempranillo, grown in The Rocks District is just that. It’s a challenge to grow here as frost can quickly cause this heat-loving grape to shut down.

But when it works, it’s beautiful.

Leather, yes! Tobacco, absolutely! All inharmony with the inherent The Rocks District character. Blood, earth, salinity and red fruit. A Tempranillo unlike any other in Washington State.
